INSTITUTE OF SCIENCE, TECHNOLOGY
& ADVANCED STUDIES (VISTAS)

(DEEMED TO BE UNIVERSITY Estd. u/s 3 OF THE UGC ACT, 1956)

NAAC ACCREDITED
PALLAVARAM - CHENNAI - INDIA

About the Institution:

Vels Institute of Science, Technology and Advanced Studies (VISTAS) established under Section 3 of UGC Act 1956, by the Ministry of Human Resource Development, Govt. of India, in 2008. VISTAS (popularly known as Vels University) has originated from a self-financing Group of Institutions known as Vels Group of Institutions established in 1992. VISTAS is a Multi-disciplinary offering varied and innovative courses in the emerging areas. VISTAS offers 42 Undergraduate, 50 Postgraduate Programmes and 24 Diploma and Certificate Programmes of Contemporary Relevance.

About the Department

Department of Biotechnology under the School of Engineering was started in the year 2015. Department offers B.Tech Biotechnology and Ph.D. Programme. The department has well equipped laboratories for advanced research facilities in the areas of Biotechnology. The thrust areas of research includes Molecular Biology, Drug Discovery and Development, Bioprocess Technology and Environmental Biology.

Focus of the Conference

Biotechnology is a fast growing field in the 21st Century. Many new techniques have been developed to produce medically valuable compounds, to change hereditary traits of plants and animals, to diagnose diseases and to cure them through biotechnology derived recombinant proteins and polypeptides developing into new class of drugs or vaccines and also to clean up the environment. In this way, the Biotechnology has very great impacts in all the major areas which helps the society both environmentally and medicinally. Biotechnology in a complete word-“ No field of Science can be winning without the uses of techniques of Biotechnology”. Overall, Biotechnology is a miracle which mainly serves the society.

Topics for Poster and Oral Presentation

- Animal and Plant Sciences
- Biomaterials
- Bioenergy
- Biophysics
- Bioprocess Technology
- Biotechnology in Health Care
- Chemical Reaction Engineering
- Computational Biology
- Drug Discovery and Development
- Environmental Biotechnology
- Genetic Engineering and Recombinant DNA Technology
- Intellectual Property Rights and Patents
- Marine Biotechnology
- Medical Microbiology and Pathology
- Mycology
- Nanotechnology
- Renewable and Nonrenewable Energy
- Tissue Engineering

SCHOOL OF PHARMACEUTICAL SCIENCES

Organizes

"National seminar on scientific interpretation of Indian Traditional Medicine"

30th JULY, 2015

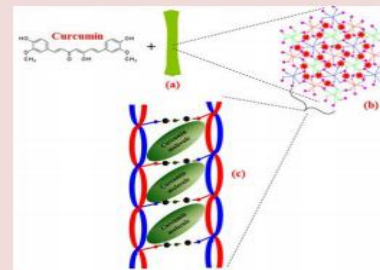

Vels University

VELS EDUCATIONAL TRUST was established in 1992 with the aim of transforming an individual into a complete man with character and ability committed to national service and development. The trust was founded by Dr. Ishari K Ganesh, M.Com, MBA, B.L, Ph.D, a visionary and an eminent educationist, in fond memory of his father Shri. Isari Velan, a former minister in the popular Govt. of Dr. MGR. Vael's Educational Trust has always served to take education to the thresholds of first generation learners and weaker sections of the society.

THE UNIVERSITY

The University status was conferred to Vels Group of

Institutions, by the Ministry of Human Resource Development, Govt. of India. As a logical consequence of this, the founder Chairman Dr. Ishari K. Ganesh has become the President/Chancellor and now he leads the implementation of strategic plan that aims to shape the institute's future growth. He visualizes an University which will be globally more competitive and internationally recognized institution.

"National seminar on scientific interpretation of Indian Traditional Medicine"

30th JULY, 2015

According to World Health Organization 80% of the population living in developing countries relies exclusively on traditional medicine for their primary health care. Originating in prehistoric times, some of the concepts of traditional medicine have been discovered since the times of Indus Valley Civilization and earlier. The Indian Traditional systems of Medicine include Ayurveda and Siddha. AYUSH (Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homoeopathy) is our National Portal of India.

Diabetes is an important human ailment afflicting many from various walks of life. Traditional medicine is also widely used for the treatment of diabetes.

This National seminar emphasizes on the research and development of various technologies to make use of the rich magnitude of the traditional medicine set to provide in the future. This is organized with the objective to provide a common platform for acquiring knowledge on Indian Traditional Medicine.

SPEAKERS

Dr. Velayudham MD (Siddha), Ph.D.

Siddha consultant
