## **VISTAS Personal Counseling**

VISTAS is conducting regular counseling sessions to the students in association with Appollo Shine Foundation, Chennai during the academic year 2019-20. Ms. Usha Krishnamurthy, Student Counselor, deputed from Apollo Shine for the personal counseling.

Guidance and counseling are important for students, and institutes have a huge role in bringing out the best in students. Good conduct is coveted, but sometimes young minds need guidance to polish their personality. Through this personal counselling, students are given advice on how to manage and deal with emotional conflict and personal problems. Proper counselling will help incorporate valuable lessons in their daily life.

Following are some of the benefits that students get from Personal counseling:

1. Students are given proper guidance on how to deal with psychological problems which can badly impact their studies. Through these sessions, the students will be able to develop certain problem-solving skills which to an extent help them deal with particular issues surrounding their lives.
2. It helps to shape a student's behaviour and also instill enough discipline in them. Proper guidance helps them achieve their goals, well guided & counselled students know what to do and how to do things in the best possible way.
3. Students learn how to live in peace and harmony with others in the university community. Thereby, they also learn to appreciate other people in their class.
4. Talks related to alcohol, drugs, personal feelings or any kind of abuse, can be openly discussed. Guidance and counselling also make students better human beings since they are counselled on how to act and behave in a particular situation.
5. It enables students undergoing certain difficulties in their lives, to ask questions and clarify them through guiding and counselling. Therefore, counselling helps them ask without any fear since the person in charge is willing to help.
