**Abstract Views** - Reports the number of requests for an article Abstract.

**Article Request (NON-Counter)** - The number of documents requested from the server.

**Page Views** - The number of pages viewed on a Web site.

**Searches Run** - Reports the number of keyword searches performed.

**Page Views** - The number of pages viewed on a Web site.

**Visits** - Represents the number of individual durations of times visitors were on the site accessing a series of pages without 30 minutes of inactivity. A single visitor can account for multiple visits in a single day.

Dear Sir,

Thanks for your patronage to SCC Online Web Edition.

We are in receipt of your emails & calls regarding Usage Report/ Statistics for SCC Online Web Edition.

**Usage Report:**

Please note that we have recently updated our IP Access Management System & we are currently in testing phase for the report generation feature from the new system. We are unable to generate accurate Usage Report from Mar 2020 to Sept

2020 from this new system. Also the numbers extracted may not be complete & Usage Figures may be grossly under reported. Our technology team is working on enhanced accuracy level of the reports. As desired, please find below the "Usages Report" for the period Nov 2019 till Nov 30, 2020.

How Searches are Counted: Search by Word -- The search count is incremented every time the search button is clicked. Subsequently clicking Next to retrieve the next set of results does not increment the search count. Search by Publication -- The search count is incremented every time the search button on the Search by Publication page is clicked. Subsequent browsing of issues of a journal and / or documents within the journal does not increment the search count. Search by Topic -- The search count is incremented every time a search is performed that returns articles. How Documents are Counted -- The document count is incremented at the start of document delivery from the ProQuest electronic vault.
